¶91.16 COMMERCE, JUSTICE, STATE, AND
JUDICIARY APPROPRIATIONS

The SPEAKER pro tempore, Mr. LAHOOD, pursuant to House Resolution 273 and rule XVIII, declared the House resolved into the Committee of the Whole House on the state of the Union for the further consideration of the bill (H.R. 2670) making appropriations for the Departments of Commerce, Justice, and State, the Judiciary, and related agencies for the fiscal year ending September 30, 2000, and for other purposes.

Mr. HASTINGS of Washington, Chairman of the Committee of the Whole, resumed the chair; and after some time spent therein,

The Committee rose informally to receive a message from the Senate.

The SPEAKER pro tempore, Mr. KOLBE, assumed the Chair.

¶91.17 FURTHER MESSAGE FROM THE
SENATE

A further message from the Senate by Mr. Lundregan, one of its clerks, announced that the Senate agrees to the report of the committee of conference on the disagreeing votes of the two Houses on the amendments of the House to the bill (S. 507) "An Act to provide for the conservation and development of water and related resources, to authorize the Secretary of the Army to construct various projects for improvements to rivers and harbors of the United States, and for other purposes."

The Committee resumed its sitting; and after some further time spent therein,

The Committee rose informally to receive a message from the President.

The SPEAKER pro tempore, Mr. HANSEN, assumed the Chair.

¶91.18 MESSAGE FROM THE PRESIDENT

A message in writing from the President of the United States was communicated to the House by Mr. Sherman Williams, one of his secretaries.

The Committee resumed its sitting; and after some further time spent therein,

¶91.19 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment submitted by Mr. BASS:

At the appropriate place in the title relating to "GENERAL PROVISIONS", insert the following new section:

SEC. ____ EFFICIENT ALLOCATION OF TELEPHONE NUMBERS.

(a) PLAN.—Not later than March 31, 2000, the Federal Communications Commission shall develop and implement a plan for the efficient allocation of telephone numbers.

(b) ELEMENTS.—The plan under subsection (a) shall—

(1) include mechanisms to ensure portability of telephone numbers among services and service providers within individual rating areas, if there is a bona fide demand, and establish rules applicable to service providers not subject to or otherwise not in compliance with such number portability requirements;

(2) take into account any telecommunications technology widely available as of March 31, 2000, that requires a telephone number;

(3) consider and take steps to minimize the total societal costs and impacts of the plan for the efficient allocation of telephone numbers and any specific number relief or conservation measures that may arise therefrom; and

(4) provide for allocating unassigned telephone numbers among telecommunications carriers in blocks of 1,000 in order to fairly share such numbers without the waste associated with allocating in blocks of 10,000.

(c) DELEGATION OF NUMBERING JURISDICTION.—During the period beginning 60 days after the date of the enactment of this Act and ending upon the Commission fully implementing the plan required by subsection (a), the Commission shall, upon the request of a State commission whose State has been determined to be within 12 months of telephone number capacity, delegate to the State commission the jurisdiction of the Commission over telecommunications numbering with respect to the State under section 251(e)(1) of the Communications Act of 1934 (47 U.S.C. 251(e)(1)) to the extent that such delegation will permit the State commission to implement measures to conserve telephone numbers, including measures as follows:

(1) To conduct audits of the use of telephone numbers and central office codes.

(2) To require telecommunications carriers to return unused central office codes and to return central office codes that have been obtained in a manner contrary to Federal or State numbering guidelines or protocols.

(3) To develop and establish dialing protocols applicable for calls placed within the same area code or local calling area (or both) of the calling party that will consider, in addition to the potential effect upon competition, matters of public convenience and safety and the public interest generally.

(4) To develop and implement, where the State commission finds it to be in the public interest and supportive of number conservation measures that it may adopt, area code relief measures involving the use of overlay area codes applicable to telecommunications service providers not subject to or otherwise not in compliance with local number portability, including a requirement that existing telephone numbers assigned to or in use (or both) by such service providers be transferred to the overlay area code, and including a requirement that calls placed within a calling party's home area code continue to be dialable on a 7-digit basis.
